### A CORONER WHO LIVES IN STANFORD CRITICIZES THE CLIMAX FOR ITS PUBLISHED OPINION OF ONE OF THE BEST CITIZENS OF LINCOLN COUNTY, A MAN WHO HAS DONE MORE TO PUT STANFORD ON THE MAP THAN EVEN THE L. & N. R. R. OR ANY OTHER AGENCY. THIS IS THE KIND OF A TARGET AT WHICH THE L. & N. R. R. UNDERSTANDS, UNDERSTANDS WRITER DIRECTS HIS SHARPS OF CRITICISM. COME OUT IN THE OPEN, PARTNER, MAYBE YOU ARE A GENTLEMAN.

JOHN R. PROCTOR, President of the Civil Service Association, has notified the Collector at Louisville that all employees in the office except the Cashier and the Collector are under the protection of the Civil Service law.

The matter was brought up by an inquiry to find out whether Deputy Collectors are protected, and Mr. Proctor replied that they are included in the favored class.

This leaves very little patronage for the incoming Republican Collector to distribute among the hungry office-seekers.

With only four dissenting votes the Senate of the United States has gone on record as favoring an international bi-metallic conference. The Republican party is apt to drift into unadvised bimetallism before the next campaign.

The Indianapolis convention stands alone in the demand for a "gold standard" and monetary measurements, as declared in their platform. The Republicans are on record as favoring what the Senate has declared "free coinage of silver by international agreement," while the Democratic still adheres to "free and unlimited coinage of silver and gold at the present ratio of 16 to 1, without waiting for the aid or consent of any other nation."

GENERAL JOE SHELLEY, born in 1813 at Lexington, Ky., died on Friday at Audrain, Mo. His remains were interred in Kansas City on Sunday. He was a Colonel of Confederate cavalry under General Price, at the beginning of the war but organized a regiment to which was joined the three Missouri regiments in a cavalry company, known as "Shelley's Brigade," which saw hard service in Arkansas, Missouri, Louisiana and Texas. He and 1,000 men exposed the cause of Maximilian, after the Civil War ended, and their services were as brilliant in the land of the Aztecs as they had been in his own country.

The trenchant style of Green R. Keller makes his paper a welcome visitor to every table in Kentucky. His bluntness, character, lofty integrity, knowledge of men, experience in public affairs, his courage, and his high standing in the community, give the Mercury a power possessed by few papers in the State. But it is right. Mr. Keller is a public spirited citizen, an unfettered thinker and actor, actuated by pure motives, and withal a Democrat in whom there is no guile. "As the most popular citizen in his section he can get anything he wants," said Capt. J. Speed, who succeeded him as clerk of the Kentucky House.

He lately skinned Henry Waterson in a paragraph republished in the first column on our first page to-day, and Old Henri fired a column broadside at the Blue Lick patriot but in vain. Read his words of wisdom, entitled "Keller's Kentucky Kernels."

A CORRESPONDENT OF THE CLIMAX who is not an office seeker but is deeply interested in the success of the party which has demonstrated its ability to best administer the affairs of the government, county, State and National, writes very earnestly to us to point out the evil is bound to result in.

"In my humble opinion," results which continued party strife says he, "there is a decided disposition to the part of the Republicans in this district to aggravate the strife and disaffection in Democratic ranks that they may succeed in electing Republican officers." Continuing our correspondent well counsels "harmony, so long as it can be achieved without surrendering a single iota of political conviction, in the order that we may be able to thwart the evil designs of the common foe."

If the mere spoils of office were the only incentive to harmony, little weight would this have with that large majority of voters, who neither seek office nor care who get it so long as it is executed by capable, honest men. But self-protection from incapable officials demands that our affairs should not be turned over to a party which has made such a signal failure in State affairs.

Take for instance, says the Louisville Post, the condition of the asylum at Hopkinsville, and the worse condition of the asylum at Lexington.

These institutions a year ago, were turned over to the Republicans. Governor Bradley believes that to the victor belong the spoils, and he turned these institutions over to the spoils hunters.

"Take the condition of the penitentiaries, and the recent contract made for the chairs produced. Already the Sinking Fund Commissioners are being sued for not awarding the contract to the highest bidder.

Take the revenues of the State. They have been given from bad to worse, and they need the oversight of advanced and intelligent Democrats.

Consider the mobs, the trouble-makers, the numerous parlious, and the failure of justice. Instead of changing these things for the better, they have, by the success of the Republicans, been changed for the worse.

Consider the condition of the schools, their insufficient revenues and a compulsory education act. What good has come to the people through Republican success?

These are considerations which must appeal to all Democrats. The prosperity of the State is dear to us; its good name value, whether we are for gold or silver.

But instead of turning our faces to the past we turn to the future and seek to deal with the problems of to-day, not of yesterday.

Instead of cavilling at Clairman Johnson we welcome every indication of a recognition of a necessity for harmony. It must come if we are to have government and prosperity in Kentucky.

In the face of such necessities as these it seems to us foolish beyond expression to go back four years, two years, one year, to find something about which we may quarrel."

Friends here, among them Mrs. Elizabeth Miller and Mrs. Stanton B. Hunt, received invitations to the marriage of Mrs. Minnie Heth Vall to Mr. Charles Latham Lawton, at Omaha, on February 9th. The bride has visited here and is pleasantly remembered.

The following, among the many local attendants upon Nordica's concert in Lexington, Saturday, spent the day with friends: Misses Lila and Kit Chenault, Katie and Mattie Smith, at Mrs. Preston Easton's; Miss Annie Bennett, with Miss Grace Pearson; Miss Sarah Shackelford, with Miss Katie Clay.

A dozen or so ladies were never more charmingly entertained than on Thursday last when Mrs. D. B. Shackelford entertained congenial set. Course after course of dainties were heaped upon them, from the speckled guinea to the wild-eyed sea fish, with wines, hot and cold drinks, and all fashionable comforts.

At a well social function here last week a new wrinkle was introduced which did not work. After the "steenth" course there came a slight pause, which an iconoclast of custom and a connoisseur of table manners seized to introduce the latest napkin fold. "Just throw your napkin under the table" said she, and several worshippers at the shrine of fickle fashion followed suit. Presently in came the waiters with another course or so, and the discomfiture of the quartette was amusing. "Those dainties are sticky," was all that broke the deadly stillness.

"Nordica," "Nordica," was all one could hear on the streets last week, and when on Saturday over one hundred of our citizens boarded the train for Lexington it was apparent that the famous prima donna was almost as great a drawing card to the music lovers of Richmond as Bryan was last fall to the advocates of the white metal. The descriptions of the scene in the Lexington Opera House, to which the CLIMAX listened for the next 24 hours, turned us green with envy and regret that we had gone that day to a dime museum in Cincinnati in preference to listening to the Italian, graceful and radiant Lillian Nordica. But our democracy is punished sufficiently and we promise hereafter the mite of patronage that can bring so much general pleasure. The Lexington Leader later reporter interviewed Nordica in her dressing room during the intermission and found her most gracious and charming, expressing herself as greatly pleased with her reception in Lexington.

Miss Minnie Bobon, of Harrodsburg, well known in Richmond, is to be married to Mr. J. H. Haine, in the former's home city on March 17th. The groom is said to be a prominent citizen of Atlanta, in a fine position to properly care for this, one of the most popular and lovable young ladies in Central Kentucky, who has been the pride of a doting father.

Mr. George Bobon, a wealthy merchant of Harrodsburg. An amusing incident occurred to us four years ago soon after Miss Bobon and Wheatley visited this city. "We were enroute to Harrodsburg to visit Cass. Dedman, a cousin, and spied a bevy of beautiful young ladies surrounded by several Mercer gallants. Their faces looked quite familiar—really having met them in Richmond, as subsequently developed—and we approached one of the young (?) men and asked what that beautiful young lady's name was. Said he, "That is Miss Minnie Bobon, who lives in Harrodsburg." In a few minutes this same young man stooped over and kissed the lady, and imagine our surprise when we heard her say "Good bye, papa." It was none other than her father, Col. George Bobon, one of the most youthful and handsomest men of his age we have ever met.

Others who graced the occasion by their angelic presence were Misses Mattie Taylor, Mollie and Mattie Howe, of Valley View, and Fannie Holman, of Lexington.

W. D. Sanders is a candidate for jailer, subject to the wishes of the bosses of the Madison county G. O. P. He's a mighty good man, but a worse Republican. We wish him success in his fight, and extend him sympathy in the final conflict, where he will find a "Cobb" loaded with "Colones" that will cause him to exclaim after the smoke of battle has cleared away "where am I at?"

On and after March 4th, the following will pass current here—at least some hereabout said there was enough money and all that was needed was confidence to be restored by the election of McKinley and business would revive at once: On demand Republican Protective Tariff promise to pay Suffering Humanity the full amount of Prosperity for promises made in the year 1896.

McKinley Confidence, Surety, JAY ELL ES.

What people want when they invest in clothing is to buy where they can buy the best for their money. If they have only a few dollars to spend they want it to go as far as possible. Yet at the same time they want quality. What we have to say is, that we are in a position, as we have an immense line of goods in men's and boys' wear, which we are offering to the trade at very low prices. For quality they cannot be surpassed; yet at the same time they cost you no more than you pay at some places for shoddy goods or cotton mixtures. What you want to do is to investigate the market and get posted on the worth of goods. When you reach us you will find that we are offering all of wool clothing, up-to-date in styles, at prices you have been paying for doubtful quality? Hadn't you rather have a good wool suit that will hold its shape and color and at the same time cost you no more than cotton mixtures. We will take pleasure in showing you. Covington & Mitchell.

A report was circulated this week that Mr. J. W. Baker had fallen heir to \$100,000 by the death of a rich aunt, in St. Louis. The aunt died and she did leave ten millions, but four other heirs got it all. It was a narrow escape for Mr. Baker.

Norris Sale. Capt. Ferrill reports a good crowd at the Ham Norris sale on Saturday at College Hill. 1 yoke steers, \$10 2 old horses \$12.50 each (sheep \$1.00 to \$2.00; 30 barrels corn at \$1.00; mill stack \$7; household goods and farming implements sold well.

Good Prices For Trotters. Four hundred trotting horses were sold at Woodward & Shanklin's sale last week in Lexington, bringing \$81,250, a average of \$200.50. This is claimed to be the best sale in Lexington in five years. Good horses only were in demand.

For Jailor. Jesse Cobb is to-day announced for jailor, subject to the action of the Democratic party. He is honest, he is capable, he is energetic, he is deserving, and he is an active party man. Such men can be voted for without fear. Such a man is Jesse Cobb, known throughout Madison county.

Can work evenings and odd times without leaving business or situation. Address Wm. Lusby, 335 Johnston Building, Cincinnati.

A New Paper. Central University has a weekly paper, the Central Record, four pages, 11x14 inches each. The first number is excellent and is kept up to the standard the Record will be looked for with interest. Price 10 cents, remainder of year. Charles Chaplin Cooper, editor-in-chief and business manager. This is the only weekly college paper in Kentucky, and probably with the exception of the Vanderbilt Hustler, is the only one in the South.

Ready Sentenced To Death. At Winchester, Saturday, the jury in the case against Dillard Ray, charged with the murder of Aaron Adams, returned a verdict of guilty, fixing the punishment at death by hanging. The crime was committed last May, when Matt Ralney, father of Dillard, was imprisoned and the last term of the Clark Circuit Court was tried on the charge and sentenced to the penitentiary for life. He is still in jail pending the action of the Court of Appeals.

Big Sales. Hon. C. L. Searey, who runs a large assortment line of merchandise at Waco and has been dragging along with small sales concluded that he would see what virtue there was in printers ink. He came to this office about the first of the month and had some attractive bills struck and offered his stock at greatly reduced prices for cash. He reports that Waco never witnessed such a day before as last Saturday. He says the crowd began to assemble early and throughout the entire day his force could hardly wait on the customers. He says no such sum of money was ever taken in by him in one day before for goods sold and delivered. He exhibited some money to the CLIMAX that looked like it might have been hoarded since the war. It will pay other merchants to advertise. Get your advertising in the CLIMAX if you want a large crowd.

Mr. Lilly Not A Candidate. Editors CLIMAX: DEAR SIR:—Please state in your paper that I am not and will not be a candidate for Commonwealth's Attorney in this, the Twenty-third, Judicial District.

Yours truly, W. H. LILLY.

Eloping Couple's Troubles. Considerable excitement was created here on Thursday last by the arrest of a Rockcastle couple who had just been married by Squire Armer. A forged order and elopement caused the trouble—but the young folks, Thos. Parsons and Minnie Rimmell, of Wildie, married just the same. However the bride's father had the groom jailed, later releasing him, and took his daughter home.

For Assessor. In this issue of the CLIMAX will be found the announcement of Mr. John W. Moore for assessor of Madison county, subject to the action of the Republican party. Mr. Moore has always been an active member of his party and should the county be so unfortunate as to have a Republican assessor it would be some compensation for the loss to know that he is the offer a Republican as John is to fill the office.

Delayed By A Slide. A land slide in the cut at Mr. Thos. Phelps, just north of Richmond on the K. C. railway delayed the north-bound train for quite a while. The wet weather had loosened a boulder of mass of stone which rolled down into the roadway. These accidents are to be dreaded, more especially at night during rainy weather, and railway engineers have to keep their eyes picked for the dangerous obstructions.

Finest Ever Issued. The C. U. Atlantis, under the control of Messrs. Kennedy and Swallow, editor and manager respectively, is the finest production of that historic publication. The last issue lays it over any previous edition and future ones will eclipse that. Advertisements are numerous in it, and we advise those who are interested in the book's success to patronize those who patronize the Atlantis. Messrs. Swallow and Kennedy have heard nothing but compliments on their work.

D's Deep Bass Chords. Mr. A. D. Flora, of Richmond, greatly assisted the choir of the Methodist church Friday, Saturday and Sunday. Nearly everybody in Lancaster knows "D" Flora. He used to make our town many visits. He has opened a marble and monument works in Richmond and is meeting with much success. "D" has promised to help the choir again Saturday and Sunday, and all are delighted to have another opportunity of hearing him.—Lancaster Record.

Beautiful Nuptials. One of the most beautiful weddings, from a spectacular standpoint, that it has ever been our good fortune to attend, was that of Miss Della Ramsey and Mr. Matthew Allen Kennedy on Wednesday night last. The Christian Church was filled to its utmost capacity and the doors were closed before the ceremony began, so great was the crowd; while at least two hundred friends were unable to gain admittance and lingered about the portals until the services were over. How can an adequate description of so beautiful an occasion be given through the medium of cold and senseless type, which robs words of eloquence and feeling of its intensity—leaving a mere outline for the imagination of the reader to clothe as his or her inclination or ability best permits.

The church was never so becomingly decorated, the mense arch way over the pulpit was banked with ferns and hanging with white bunting; ropes of cedar, like welcoming arms stretched far away from the apex of the arch toward the side windows, potted plants adorned the sides of the pulpit. The vestry room doors were, like the baptistry recess, curtained with lace and festooned with white. While open, the doors in the rear of the pulpit, and the apartment was beautifully draped and illuminated by pink lights. The effect was beautiful, and the skillful hands and inventive minds that wrought this architecture of beautiful fabrics witnessed the triumphs of their skill when the countless lights shone upon the scene—it was like fairyland.

The musical program was a sensation within itself. The voice of Richmond's favorite vocalist, Miss Pattie, the classic touches of Mrs. White upon the organ, and the trio of accomplished violinists, Miss Higgins, and Messrs. Bright and Park, were a grand prelude to the scene soon to be enacted, and never to be forgotten. At 8:30, with an air of mystery and disappointment without clamoring for admission, and a thousand eyes within looking anxiously for the signal to begin, the lovely panorama floated into view. Out from the garlanded recess stepped the six beautiful bride's maids, two and two, Miss Clara Moore, Miss Mary Moore, Miss Mary Moore, Miss Mary Moore, Miss Mary Moore, and Miss Mary Moore.

Consequently "Nancy Lee will sing 'Love Among The Roses,' and the CLIMAX will go to Mrs. Fant until further notice. Next.

Recovering From Appendicitis. On Monday, a week ago, while on a visit to his sister, Mrs. W. H. Webb, at Louisville, Mr. Benson Cobb, of this city, was seized with violent pains in the abdomen. He repaired at once to Norton Infirmary and consulted Drs. Vance and Rudelle, attending physicians. These at once pronounced his malady appendicitis, and advised an operation. Mr. Cobb consented, telegraphed for his brother, Hon. J. Tevis Cobb, and in the presence of his relatives bravely underwent the heroic operation for removing the vermiform appendix. That it was a success is attested by the daily tidings of his improvement, and his Madison friends will rejoice to know that he is on the road to recovery.

Bronson-Wisdom. Hon. Charles J. Bronson and Miss Belle Wisdom, of Paducah, were married Saturday evening at the residence of Mrs. George A. Hines, 445 Berlin avenue, St. Louis, Rev. Frank G. Ferrell, of the Central Christian church, of St. Louis, officiating. They left for Chicago on a bridal tour and four days later returned to Lexington, where they will reside. The marriage of Mr. Bronson and Miss Wisdom was announced for last May and invitations were issued, but forty-eight hours before the event was to take place it was declared off on account of the sudden illness of the bride elect, who was said to be threatened with nervous prostration. It was gossiped at the time that the bride's father, Mr. Ben Wisdom, objected to the marriage because of the disparity of ages. Two months ago Mr. Wisdom died and Miss Wisdom fell heir to an estate worth a quarter of a million dollars. Miss Wisdom left Paducah ten days ago, ostensibly to visit relatives in Missouri. Mr. Bronson left Lexington Thursday afternoon, confiding his delicate and agreeable mission to but few friends. He reached St. Louis Friday morning. Mr. Bronson and Miss Wisdom met in St. Louis on Friday and evidently arranged plans for the happy event.

As is well known, Charles Bronson is a native of this county, but is now State Senator from Fayette and the brilliant ex-Commonwealth's Attorney of that district. He has many relatives in Madison, among them his sister, Mrs. T. S. Bronson, his sister, Mrs. George F. Bronson, and others, besides a host of friends.

Drowned In Gibson's Pond. Joe Flakel, a dissipated tailor, was drowned in Gibson's pond in the southern outskirts of this city at 2 o'clock last Sunday afternoon. The occurrence created a big sensation as it happened just back of the University Memorial Hall, where sixty young men are boarding and these turned out en masse and gave the alarm which soon attracted a hundred or so citizens to the spot. For quite a while little attention was paid the rumors and alarms given over the telephone, supposing it a joke of the college boys. However, all doubt about it was dispelled when a suit of clothes was found upon the bank with foot prints leading from them into the pond. With characteristic spirit the students proposed to raise the body by firing a cannon over the water and went so far as to limber the cannon and get it ready to fire. The students had to abandon this as no ammunition could be obtained, and hence the curious were deprived of an opportunity to witness the raising of a body in this peculiar way. While the boys were firing the cannon Dan Harris, colored, borrowed an ice hook from Mrs. Gibson and voluntarily waded out waist-deep and dragged the pond as far as he could with safety reach. Becoming chilled by the water, it was suggested that a boat be procured, which was soon obtained from Myers' planing mill. At 3:30 the boat was pushed off from the shore with Mr. C. S. Powell at the oars, and Coroner Brown at the helm. Chief of Police Terrill, "Drummer" White and Leslie Oliver had hastily improvised hooks and with these the vicinity where Flakel was last seen was thoroughly dragged. At 3:37 "I've got him" issued from the lips of White, and as he slowly drew the body to the surface the anxious and excited crowd surged to the water's edge. There could be no doubt that the corpse was at the end of the pole for the pond had just been cleaned out and was free from snags or rubbish of any kind. Up came the head with the dark hair matted straight back from the forehead, then the familiar features of the dead young man-tailor were exposed to view. The books had caught in the shoulder of the undershirt and the body was seized thus and floated to the shore. Coroner Brown and his assistants dragged the body up the bank. Notwithstanding the corpse had been under water nearly an hour the lungs were emptied by inclining the head downward, and efforts at resuscitation proving futile a jury was at once summoned and a verdict rendered to the effect that the deceased came to his death from accidental drowning, as Flakel has been in the habit of bathing in ponds about here for a long while.

THE TWO PARTIES. (Frankfort Argus.) The Republican party has been in power in Kentucky for more than a year, and their work during that period is before the people. They have had full control of the books, and they have made no charge against the Democratic management of fraud committed or covered up. So far the Republicans have gained nothing by having charged the books, and the thirty years of Democratic control have produced no wrong doing, but that attached to Treasurer Tate, which was made public as soon as discovered, and the Democrats have done all within the power of the courts to recover that lost money into the Treasury.

What has the Republican party accomplished in the year of its power and control of affairs? It has developed a clerk in the Educational department, selling questions and answers for his private benefit and to the injury of education. It has kept the State Examiner busy examining into the scandals of the Western and Eastern Lunatic Asylums. It has induced incompetent officers, who were placed in charge of the State's charities and the branch Prison. It has given birth to a military instead of a civil government, in its attempt to coerce the General Assembly to such action as the administration demanded. It has expended \$3,000 in the employment of attorneys to carry on the whims and charges of a Democratic official, when an examination would show no wrong in any of its acts. It has refused to pay old debts with old or new income, because the warrants were issued under a Democratic administration.

NOR.—You forgot to mention the scandal growing out of a Republican grand jury to fine intimate with female prisoners in the Kentucky prison.—Ed. Carlisle Mercury.

In the meeting of the Democratic County Committee of Fayette, which was held last Saturday at Lexington to arrange for a primary, which will be held the 27th of March, resolutions were adopted asking that the gold Democrats be invited to come back into party lines and both the silver and gold Democrats join hands in this important matter. But the Courier-Journal says the "gold Democrats cannot afford to accept the invitation." In other words, it means to vote independently and put every other Kentucky Republican in the hands of the Republican party. Is this Democracy? And yet the Courier-Journal instead of trying to bring about harmony between the two factions, is endeavoring in every possible manner to increase the bitterness, widen the breach, and if possible, crush out the gold Democrats. So says the celebrated Dr. Koel. Other doctors say the blood perfectly pure and healthy is aye's Sarsaparilla.

There are a great many of the unfortunate ones in the world greater in number than those who are blessed with good digestion. To some people the greatest misfortune is not to be able to eat everything they desire. I suffered for years with dyspepsia and everything I ate disagreed with me. I was induced to try Simmons Liver Regulator and was cured. I now eat everything.—M. Bright, Madison, Pa., La.

Stanford is to have a telephone exchange.

Did you ever top to think what indigestion really means? It means simply that your stomach is irritated. If we are irritated, we ride. The horse and the steam engine do its work. Foods can be digested outside of the body. All plants contain digestive principles which will do the work. The human digestive system contains digestive principles and is a preparation designed to rest the stomach. The shakers themselves have unbounded confidence in it that they have placed 10 cent sample bottles on the market, and it is said that even so small a quantity proves beneficial in a vast majority of cases. All druggists keep it.

Much of life's misery is due to indigestion; for who is happy with a pain in his stomach? As a corrective and strengthening of the alimentary organs, Ayer's Pills are invaluable, their use being always attended with marked benefit. It

A number of Kentucky Republicans are preparing to go to the inauguration of McKinley.

Mr. Ward L. Smith, of Fredericksburg, Mo., was troubled with chronic diarrhea for over thirty years. He had become fully satisfied that it was only a question of a short time until he would have to give up. He had been treated by some of the best physicians in Europe and America but got no permanent relief. One day he picked up a newspaper and chanced to read an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He got a bottle of it, the first dose helped him and his continued use cured him. For sale by W. G. White, Richmond, Ky. feb-1m

**OFFICIAL ENTRY**  
Made Denying the Murders of Pearl Bryan & Rebecca.  
FRANKFORT, Ky., Feb. 15.—The official entry overruling the appeal of Scott Jackson and Alonzo Walling was made Saturday morning and the comedy of the court of appeals is ended.  
This is the action which the judges were to have taken down Friday. All the justices went to the statehouse Friday morning, fully expecting that they would hand down their ruling.  
Then it was discovered by Chief Justice Lewis that the newspapers of the country had learned of the court's intention through one of its members, and the programme was hurriedly changed.  
It is agreed there will be little delay so far as Gov. Bradley is concerned. Soon after the official record reaches the governor's office a mandate for the execution of Pearl Bryan's murderers will be on its way to Sheriff Plummer, of Newport.  
In making the official announcement of the court, Judge Durell said that the points raised by Attorneys Washington and Crawford had already been passed upon by the court and that no new points had been brought out in the petitions for rehearing.

**HUNTING A NEGRO.**  
Fugitive Attacked a Woman, and Is Traced to Mercer County.  
LOUISVILLE, Ky., Feb. 15.—Chas. Thompson appeared before City Judge Davis, Thursday, and made affidavit, in which he stated that a Negro named Chas. Taylor, who lives on an adjoining farm to his niece, Lucinda Thompson, of Franklin county, Ky., visited the house of the woman during the absence of the woman, and while she was looking for her, and attempted to assault her, but was foiled in the attempt by a pedestrian who was attracted to the scene by the woman's cries. Thompson and neighbors organized a searching party and gave chase, following the Negro to Mercer county, where he eluded them, but is believed to be hiding here.

**SUBTERRANEAN HOUSES.**  
Two Huge Caves of Aborigines Found Near Lawrenceburg.  
LAWRENCEBURG, Ky., Feb. 15.—Two caves of a size to make them important were found in Kentucky this week. One is in the Chaplain river bottom, only a few miles southwest of here, and the other is in the hills. The place, near Middleburg, the first contains many stone relics, and some distance from the entrance has a nicely finished room of ordinary dimensions. It is walled with stone that has been dressed, and the floor is composed of solid rock. The second is a double room, the first being a large hall, and the second a smaller room. The entrance to the second is a hole in the side of a hill, and it is said, has an iron door at the entrance.

**SENATOR GOEBEL**  
Is Stated for Governor. According to a Louisville Story.  
LOUISVILLE, Ky., Feb. 15.—The tip is out that State Senator William Goebel will make the race for governor subject to the action of the democratic convention. Senator Goebel's friends have been quietly arranging their plans for a meeting in this city in the next few days to discuss the matter, and the senator himself will be present. This preliminary caucus is expected to materialize at the Willard hotel Wednesday some time.  
In addition to the following which Senator Goebel has in his own section of the state it is expected that the support of all democrats will be enlisted in his behalf, regardless of the differences on the money question. One man who is interesting himself is a prominent lawyer from Southern Kentucky, and he will arrive in Louisville Wednesday to meet with the others. A check of the movement in Mr. Goebel's behalf.

Said the friends of Goebel think he is the man who could bring together the two factions of the party. He is a good man for the office, and would fill it with credit to himself and his constituents.
